Joe, thank you. I used think we stood one notch above contempt with Jim Ryan but really after reading this I must assume that at least we were tolerable otherwise Jim would not have invited the Region to at least hear the summary of these meetings. Obviously, Ron does not want to be bothered.

The environmental staff is at the end, so I can let you know when that happens. I have a call into Toru asking him for specifics.

Honolulu staff would like to talk to you at the end of the travel forecasting talks on Feb 14. Do you have time to do that? I could let you know when we are done.

Attached is our draft agenda for the meeting scheduled for February 14<sup>th</sup> at your offices. We expect to begin at 9AM and hope to conclude by early to mid-afternoon. During the course of next week, we will be sending a series of information and tabulations to Jim – similar to our approach to the May, 2007 meeting. We appreciate the opportunity to meet with you and your staff and appraise you of our continuing progress on travel forecasting element of the project.
